Nº	Problem	Heuristic	Description	Severity	Solution	Screenshot
1	Uneven Paddings	10	In the event cards the text is not correctly padded with the icons	1	Give padding between the icons and the text in a coherent manner	1
2	"About"	4	When the user clicks the about section it is thrown into another website without links to go back to the original one.	3	Integrate the about page in the same website or create a link to the original site in the about website.	
3	Event Creation	2	After the user creates an event, he should be redirected to the event page.	2	Redirect the user to his newly created event	
4	Follow Button	3	There is no clear description of what the follow button does, follow the event or the organizer ??	2	Explicit in the button text what exactly does it do	2
5	Search	9	Searching for something and pressing "Enter" leads to a page with a "405 Not Allowed"	4	Either say there were no results found or display the events found	
6	Unexpected Behavior	2	The clear filters button press lead to the top of the page.	2	Stay in place	
7	X Calendar Button	2	The X should only appear after inserting a date and it should not open the calendar again	3	Hide the X when no date has been inserted and don't show the calendar pop up window on "X" press	
8	Clear Filter	7	Should only show when filters have been introduced	3	Only show when filters have been introduced	
9	Advanced Searching	4	When a user chooses a category, the only way to cancel the chosen category is to clear all filters	3	Provide a blank option in the selection spinners	3
10	Allows to put end date before start date	7	When creating an event, the user can set the end date before the start date	3	Don't allow it
